## **SUB10P**

Pulz SUB10P is a floor mount front firing passive subwoofer designed to reproduce low frequencies for music and movies with power and precision. A 10" high excursion driver is loaded with an acoustically engineered based reflex box for a powerful dynamic bass down to 35Hz.

Pulz SUB10P is designed to be powered from Pulz SUB10A amplifier. Pulz SUB10A and Pulz SUB10P compliment each other for higher power requirements.

The enclosure is made with MDF with strategic bracings and finished with an ultra- durable, scratch resistant paint.

The Acoustically transparent woven fabric grill ensures safety of the drivers under adverse conditions.

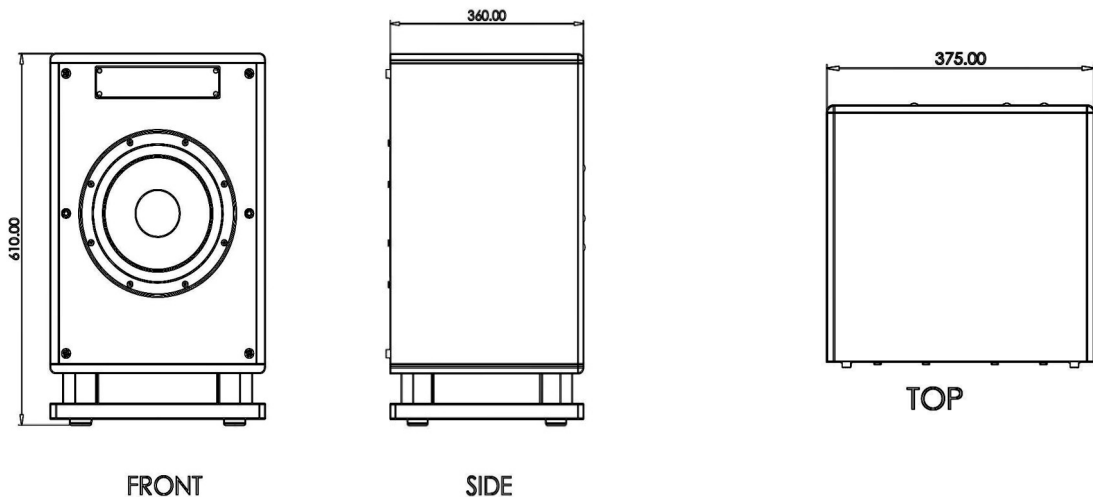

The typical application includes but not limited to distributed sub system for home cinema, stereo playback for uniform Bass response in all listening positions.
